

MAJURA PRIMARY SCHOOL Preschool TERM 4 OVERVIEW 2024

WELCOME - TERM 4

Welcome back to preschool! We hope you are ready for the last term. We are ready to enjoy the warmer weather and embark on some amazing learning!

EYLF:

Our focus this term is to provide time for our preschoolers to undergo a transition to school program. This is expected to provide learning opportunities and challenges as children navigate the primary school. Our activities will include formal visits to the kindergarten classes, buddy sessions at the primary school, and joining in assembly.

This term we are also looking forward to getting some tadpoles in our classroom. We are looking forward to exploring the many learning opportunities that will arise with our new temporary classmates.

We are a NUT and SESAME FREE service.

We have recently added sesame due to a new serious allergy

Sesame products include Sesame oil, sesame seeds including some muesli bars, tahini, hummus.

Thank you for keeping our children safe.

At preschool we almost always include some kind of outdoor play no matter what the weather is like. Please ensure you apply sunscreen before your child enters preschool and provide a spare change of clothes – the mud kitchen and water play are popular activities!

PRESCHOOL TEACHERS

Debbie Kopczynski – Bush Plums and Bean Trees

Debbie.Kopczynski@ed.act.edu.au

Dana Rakic – Quandongs Dana.Rakic@ed.act.edu.au

Co-educator lunch breaks: Palm

SPECIALIST PROGRAMS

Physical Movement Skills: Geri Jeffress

Preschool students will continue to learn and practise the skills they need to engage their large muscle groups, practise balance and coordination, and develop body awareness. They will practise these fundamental skills through fun activities that include throwing, balancing, skipping, jumping, and more.

Dance: Maree Fawke

In specialist art lessons this term, preschool students will be participating in fundamental movement activities to promote development of their physical coordination. Students will move to music and play games and activities both inside and outdoors.

Sustainability: Mel Chiles

Preschool students will continue to take part in a 45-minute lesson focusing on sustainability concepts. They will be involved in activities that relate to important dates in the Australian sustainability calendar including: the Aussie Backyard Bird Count, National Water Week, Nude Food Week and National Recycling Week. During these sessions students will learn how they can take simple steps to help the environment at preschool and at home.
